

CODEC

INTRODUCTION:

“Those who don't know how to code soon will be in the same position as those who couldn't read or write 200 years ago” – Shereef Bishay

We wave you to join us in the quest for the competent Programmer. Set your goal and join the race. Prove yourself in the test not only of your skill, but also for your endurance and perseverance, as you make your way through a series of problems equipped with C and C++ as your tools

EVENT FORMAT:

It is held at IIT Bhubaneswar Arugul campus. Participants will be provided a computer. Duration of this round will be 3 hours. Nature and Number of problems along with evaluation criteria will be provided with the problem statements at the venue.

Programming languages should be either C, C++ and Java.

JUDGING CRITERIA:

The participant who secures maximum number of points and completes in less time will be declared as winner.

RULES AND REGULATIONS:

- It is an individual event.
- Use of internet is not permitted. Making use of any electronic gadgets like TABs, Mobiles, etc. may lead to disqualification.
- You are allowed to take a reference book or any material (not exceeding 50 pages) during event.
