

RICHTIG

INTRODUCTION:

“For a long time it puzzled me how something so expensive, so leading edge, could be so useless, and then it occurred to me that a computer is a stupid machine with the ability to do incredibly smart things computer programmers are smart people with the ability to do incredibly stupid things. They are, in short, a perfect match.”

Are you a smart enough to code? Do you want to prove it to the world? WISSENAIRE’17 provides you the opportunity to prove yourself. Come on. Contest with the people best around.

PROBLEM STATEMENT:

Participants have to write a C code for a given problem and they have to debug a given code.

EVENT FORMAT:

Round-1:

- This is an online round.
- In this round participants should go through the problem statement and should submit their codes by mailing it to submissions@wissenaire.org with subject of e-mail as **Richtig**.
- It is considered during selection of participants for the round-2.
- A conformation mail will be sent to the selected participants.

Round-2

- This is a pen and paper round.
- Participants have to debug a given code
- There will be no partial marking in this round.
- Based on the performance, 8 selected teams will be promoted to next round.
- The points you earned in this round are forwarded to the next round.

IIT Bhubaneswar

The Annual Techno Management Fest

WISSENAIRE

3rd - 5th February 2017

Round-3:

- This is a quiz round based on C/C++.
- Each team would be gambling with the points earned in the previous round.
- The team which bets the maximum points will get the first chance to answer the question. Participants loose the gambled points for a wrong answer.
- If two teams bet the same number of points, then the team which had the most number of points in the second round will get the chance to answer first
- The team with the highest bet will get the chance to answer the question.

Event Rules and Regulations:

- A team should consist of 2 members.
- Decision made by the event coordinator is final.
- Participants should bring their college ID proof
- Each member should be a member of an authorised college.
- There is no restriction on number of teams from same college.
- It is not necessary that persons forming a team should be of same college.
- Prototype should not be ready made.
- **No participant can be a part of more than one team.**
