

SCIENTOON

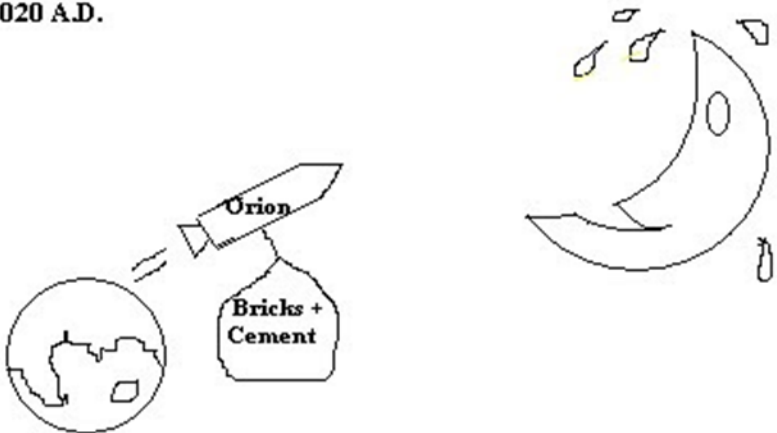

INTRODUCTION:

Scientoons are the cartoons, based on science. They not only make you smile and laugh but also provide information about new researches, subjects, data & concepts in a simple, understandable and interesting thought provoking way.

Wissenaire'17 provides you a platform to use your scientific knowledge and your humor together to create your own Scientoons.

Here is a sample Scientoon.

SCIENTOON

<p>The ORION is expected to carry 6 Astronauts and also carry Cargo to the Moon by 2020 A.D.</p>	<p>2020 A.D.</p> 
---	--

"Oh! God, Men from Earth are coming with huge Cargo to make home here and to pollute me also."

For getting a better idea about Scientoons visit the website <http://scientoon.com/>

EVENT STRUCTURE:

This is an online event where participants have to submit their Scientoons to submissions@wissenaire.org with the subject of mail as “Scientoon”. Last date of submission is 25th Jan, 2017.

Results will be declared momentarily after last date of submission.

RULES AND REGULATIONS:

- Scientoon has to be submitted in JPEG format with following three sections:
 - Left: This should explain the scientific concept related to your Scientoon.
 - Right: This should have the scanned copy of hand drawn sketch of the Scientoon.
 - Bottom: This should contain the humour related to the content of the Scientoon.
- The name of the submission file should be the theme of the Scientoon.
- The hand drawn sketch should be clearly visible in the final submission file.
- The event has no specific theme but the chosen theme for the Scientoon should be related to science and technology.
- One participant is allowed to submit more than one entry.
- The entry should not be copied from any sources in any form. This could lead direct rejection of the entry.
- The participant should clearly mention his/her Name and Name of Institute he/she belongs in the mail.

JUDGING CRITERIA:

Score will be given on originality, theme, art and humour conforming to technical correspondence of the Scientoon. Any copied Scientoon will be discarded.

Decisions made by competition judges and testers are final. There is no dispute resolution process, however, input for process improvement is encouraged.
